

Scottish Wholesale Local Food and Drink Growth Fund 2024

Activity Application Form

Welcome to the Scottish Wholesale Local Food and Drink Growth Fund application form.

If you haven't already done so, please read and sign the separate [Terms and Conditions Declaration Form](#). This is required to be sent in addition to the completion of the **Activity Application** form below.

The fund is open to food and drink wholesalers that meet the definition below and who have a physical depot or warehouse located in Scotland.

Food and drink wholesale is defined for the purposes of this fund as being a route to market in the consolidation and distribution of multi-supplier food and drink products for onward trade resell. For example, a primary or secondary producer, such as a meat producer, farmer, baker, food processor, or hatchery, who manufactures / makes / grows / processes / repackages products as more than 20% of their business activity, but who may themselves wholesale as a route to market for their products (i.e. to local butchers, retailers or hotels etc.) will not be eligible for this fund as wholesale isn't over 80% of their business.
